## **Fleetline Roll-off Fenders Now Available to OES Providers**

Springfield, TN (April 27, 2017)

Fleetline's new polyethylene roll-off fenders are now available through all original equipment service providers. The fenders are constructed of high density polyethylene and are corrosion and UV resistant. By using a two or three piece design they can accommodate tandem or tri-axle applications. This poly fender, as well as all Fleetline poly products, carries a 3-year warranty. The addition of this product has allowed Fleetline to branch into a new sector of business and further meet the needs of its dealers.

Fleetline is the Spray Suppression Leader in the USA. With a full line of products to fit all major manufacturers' trucks and trailers, you can count on Fleetline for unparalleled quality and exceptional value. Fleetline is a part of the Fontaine Spray Suppression group which is a Marmon Highway Technologies LLC/Berkshire Hathaway company.
